PUBLIC POLICY FORUM N I LTD

NOTES ON THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2024

1 ACCOUNTING POLICES

General Information and basis of preparation

The Public Policy Forum NI Ltd is a charitable company and not having a share capital and is registered in Northern Ireland.

The financial statements have been prepared under the historical cost convention and in accordance with applicable United Kingdom accounting standards and the Statement of Recommended Practice by the Charity Commission for Northern Ireland.

Statement of Compliance

The financial statements have been prepared in compliance with the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable n the United Kingdom and Republic of Ireland (FRS 102), the Charities Act (Northern Ireland) 2008, Charities Act (Northern Ireland) 2013, Charities (Accounts and reports) Regulations (Northern Ireland) 2015, the Companies Act 2006 and UK Generally Accepted Practice.

The financial statements are prepared on a going concern basis under the historical cost convention. The financial statements are prepared in sterling which is the functional currency of the charitable company and rounded to the nearest £1.

Fund accounting - unrestricted funds

The charitable company's unrestricted funds consist of a general fund which is expendable at the discretion of the trustees in furtherance of the charitable objects of the organisation. The trustees may at their discretion designate funds for specific purposes but the designations does not legally restrict the trustees' discretion to apply the funds.

Fund accounting - restricted funds

The charitable company's restricted funds consist of funds where the donor has imposed restrictions on the use of the funds.

Income recognition

All incoming resources are included in the Statement of Financial Activities (SoFA) when the charitable company is legally entitled to the income after any performance conditions have been met, the amount can be measured reliably and it is probable that the income will be received.

For donations to be recognised the charitable company will have been notified of the amounts and the settlement date in writing. If there are conditions attached to the donation and this requires a level of performance before entitlement can be obtained then income is deferred until

those conditions are fully met or the fulfilment of those conditions is within the control of the charitable company and it is probable that they will be fulfilled.

Voluntary income received by way of donations and gifts is credited to revenue on a receivable basis.

For legacies, entitlement is the earlier of the charity being notified of an impending distribution or the legacy being received. At this point income is recognised. On occasion legacies will be notified to the charitable company however it is not possible to measure the amount expected to be distributed. On these occasions, the legacy is treated as contingent asset and disclosed.

Income from grants are recognised at fair value when the charitable company has entitlement after any performance conditions have been met, it is probable that the income will be received, and the amount can be measured reliably.

If entitlement is not met, then these amounts are deferred. Revenue grants are credited to incoming resources on the earlier date of when they are received or when they are receivable, unless they relate to a specified future period. Grants which contribute towards specific expenditure on fixed assets are credited to the Statement of Financial Activities in full upon receipt.

Accrued Income

Income from certain events has been accrued as the concerned event occurred before the year end.

Value Added Tax

The charitable company is not registered for VAT purposed; therefore, expenditure is shown gross of VAT.

Expenditure Recognition

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Expenditure is recognised where there is a legal or constructive obligation to make payments to third parties, it is probable that the settlement will be required, and the amount of the obligation can be measured reliably.

It is categorised under the following headings:

- · Costs of raising funds comprises of direct costs; and
- Expenditure on charitable activities comprises those costs incurred by the charitable company in the delivery of its activities and services for its beneficiaries and includes direct costs for example, salary costs, consultancy costs, travel and subsistence and an apportionment of support costs

Support costs allocation

Support costs are those that assist the work of the charitable company but do not directly represent charitable activities and include office costs, governance costs and administrative payroll costs.

They are incurred directly in support of expenditure on the objectives of the charitable company. Where support costs cannot be directly attributed to headings, they have been allocated to cost of raising funds and expenditure on charitable activities on a basis consistent with use of the resources.

The analysis of these costs is included in note 7.

Taxation

As a charitable company, the company benefits from various exemptions afforded by tax legislation. It is therefore not liable to corporation tax on income or gains falling due within those exemptions. Recovery is made of tax deducted from receipts under gift aid.

Going Concern

The financial statement has been prepared on a going concern basis as the Trustees believe that no material uncertainties exist. The Trustees have considered the level of funds held and expected level of income and expenditure is sufficient with the level of reserves for the charitable company to be able to continue as a going concern.

2. Status

The company is a company limited by guarantee.

The company is accepted as a charity by H M Revenue & Customs within the definition of Section 506(1) of the Income and Corporation Taxes Act 1998. The company has been registered by the Charity Commission for Northern Ireland since March 2022 (charity number NIC108659).
